

5 RIDERS – 1,700 MILES  
70,000 FEET – 7 DAYS

### THE CAUSE

For DoddieAid 2024 teams of cyclists from all over the UK will propel themselves across Europe through the bitter March weather to reach Rome ahead of the Scotland v Italy Six Nations match on the 9th March. All this to raise funds for the fight against MND.

The 801 Massif Team draws together 5 Veteran Doddie Aid Riders from Scotland, supported by a London-based support crew. Leaving from under the Forth Bridge on Friday 1st March, they aim to ride in to the Piazza Navona with the other teams and the match ball on the 8th March.

We are aiming to raise a minimum of £25,000 for My Name's Doddie Foundation who's aim is to leave no stone unturned in the relentless pursuit of the goal to fund, guide and enable the smartest, most efficient MND research to catalyse a cure for motor neuron disease.

The more coverage in the local and national press we receive will help to maximise funds raised for this extraordinary charity.
